## ORIENTATION PROGRAMME

*Orientation programs are fantastic opportunities for parents to know what to expect in the coming year and also equip themselves for it. They also get to know the teachers in the different classes.*

On, 31March'2019 an orientation programme was organized to welcome the new students with open arms into the DPS family. Many issues were discussed in the parent's orientation program, including the school curriculum and the pattern for conducting examinations, the extracurricular activities, the support required from parents etc. The parents were also briefed about the rules and regulations of the school.

It was a new beginning for the Dipsites who have a long journey ahead of them; with lots of experiences and moments they would cherish for the rest of their lives.

## WELCOME ASSEMBLY

The school buzzed with excitement and there was a vibgyoric ambience as the teachers welcomed the students to the new session of 2019-20. The faculty put up a 'special assembly' for the learners. The new academic session began on April 3, 2019. The students were happy to meet their friends and teachers after a long break. It was indeed a wonderful start to the session 2019-20.

## **IIMUN-INDIAN INTERNATIONAL MODEL UNITED NATIONS**

Our IIMUN stands for *Indian International Model United Nations*, which equips school students to grasp the imagination of the local, national and international ecosystem of which they will be leaders in their own capacities. It is an organization that conducts simulations of different working local, national, international bodies. Students are divided into different committees, they role play leaders and debate with each other. The agenda's of debate are based on historic, current and futuristic problems. What sets IIMUN apart is the fact that students not just debate -but also before and after they learn about our rich Indian culture through optional yoga/meditation sessions.

It's a great privilege that Sangrur Chapter of India's International Movement to Unite Nations held from 27<sup>th</sup> April and 28<sup>th</sup> April at Delhi Public School, Sangrur. We had a great experience there. MUN is a great setting where students can try to face their fear of public speaking. This give chance to overcome a fear of public speaking is great because it supports delegates' personal growth and triggers self-confidence. Indeed, every delegate remembers his or her first speech, the frightening sensation in the stomach, but also the satisfaction and the congratulations received at the end. Individual results for the debates are as follows:

<b>ICC High Commendation</b>	<b>Rahul</b>	<b>DPS Sangrur</b>

The assembly was a spontaneous example of team work by the students and teachers, enabling a good show, where each child got an opportunity to showcase his/her talent on stage..

## MOTHER'S DAY CELEBRATION

*"A mother's love for her child is like nothing else in the world. It knows no law, no pity. It dare all things and crushes down remorselessly all that stands in the path"*

## FIRST INTERNATIONAL TRIP

Trips and excursions are the perfect way to expand one's horizons. This is why we encourage students to gain knowledge and explore new things not just within the boundaries, but also beyond them. For exposing them to global opportunities, DPS, Sangrur had organized a trip where 13 students and Principal Ma'am travelled to UK, London on an educational tour. They left for UK on April 9, 2019 and returned on April 16, 2019. Their trip was organized by AAI eDu TOURZ in partnership with Twin Centre. ## INTER HOUSE COMPETITIONS

### Inter House Poetry Recitation Competition:

*'Poetry is the spontaneous overflow of powerful feelings it takes its origin from emotion recollected in tranquility'*

-William Wordsworth

Inter House Poetry Recitation Competitions were organized on 24 April'2019 (junior and middle divisions) and on 30 April'19 (senior division) at Delhi Public School, Sangrur for senior, in all the three languages, (English, Punjabi and Hindi).

Poetry recitation is a wonderful tool to use in promoting a child's language development. With rhymes, children can easily learn new words. Furthermore, having children recite poems aloud helps them to practice pitch, voice inflection and volume. It is really a seamless flow that occurs naturally as we recite poetry aloud. Students were judged on the parameters like Voice modulation, pronunciation, expression confidence and the overall presentation.
